Erasmus+

ERASMUS + INTERNATIONAL DIMENSION IN HIGHER EDUCATION

Spanish Information day

Madrid, Spain, December 10, 2015

NEO BOSNIA AND HERZEGOVINA

Content:

- ✓ Some figures about Bosnia and Herzegovina
- ✓ Overview of HE System in BiH
- ✓ National and Regional Priorities for CBHE
- ✓ Potential Project Proposals within KA1 and KA2
- ✓ Participation of Bosnia and Herzegovina in:
 - Tempus Programme
 - Erasmus Mundus Programme
 - Erasmus+ Programme

General Information:

Country: Bosnia and Herzegovina

Area: 51.129 km²

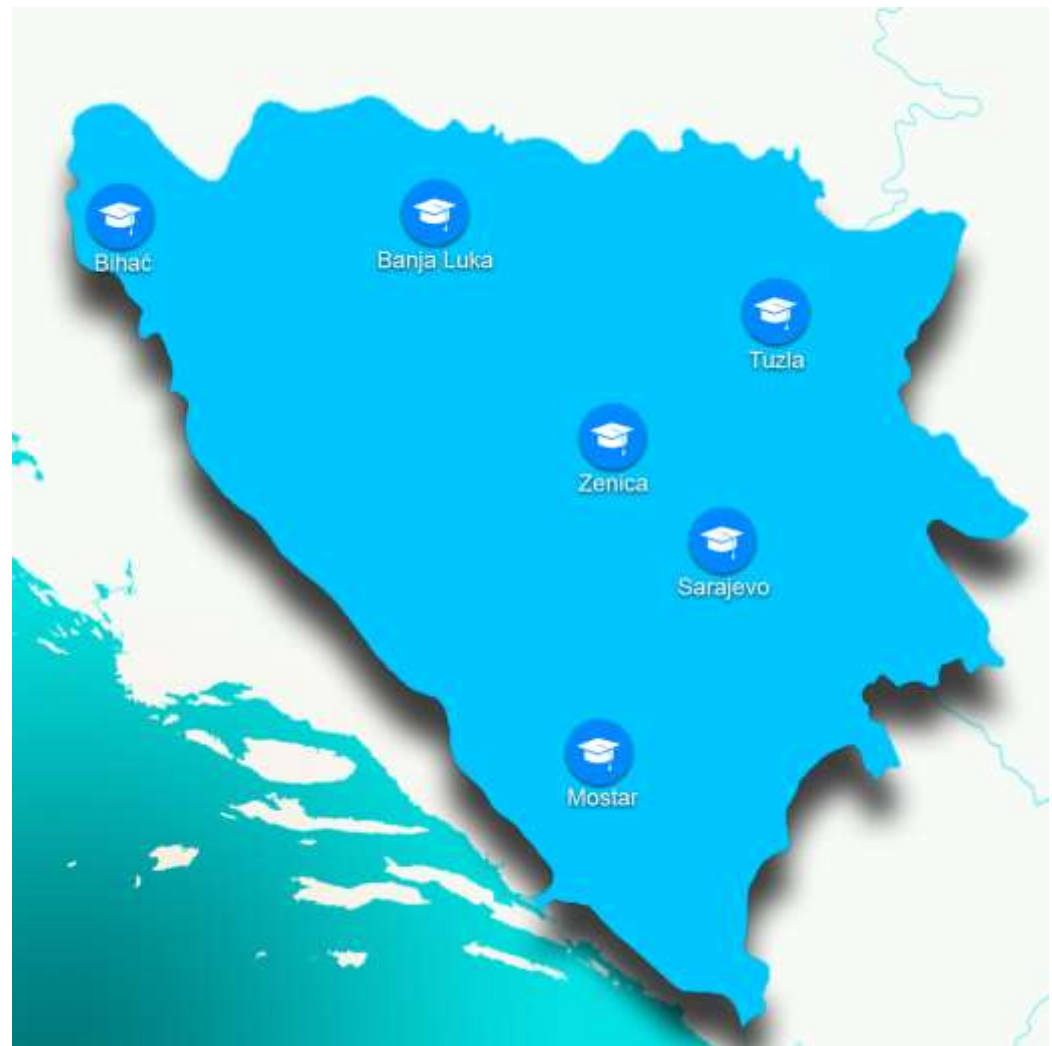

Capital city: Sarajevo

Location: Bosnia and Herzegovina is a country on the Balkan peninsula of South Eastern Europe

Neighbouring countries: Serbia and Montenegro in the east, Croatia in the north, west and south

Population: about 3.8 million

Official language: Bosnian, Croatian and Serbian

Bosnia and Herzegovina

Erasmus+

Overview of Higher Education System in Bosnia and Herzegovina

Relevant Ministries

- **Ministry of Civil Affairs BiH/Education Sector** (national level, responsible for international cooperation and coordination)
- **Federal Ministry of Education and Science/HE Sector** (entity level, coordination between 10 cantons, no constitutional authority for HE policies)
- **Ministry of Education and Culture RS** (entity level, full authority for education)
- **10 Cantonal ministries of education** (full authority for education)
- **Government of Brcko District/Education Department** (full authority for education)

Relevant Agencies in BiH

- **Agency for Development of Higher Education and Quality Assurance (HEA)**
 - established in 2007 as an independent public organization;
 - sets criteria and standards for accreditation and selection of experts
 - provides recommendations on criteria and standards

- **Higher Education Accreditation Agency of Republic of Srpska (RS HEAA)**
 - established in 2011 as a public institution
 - organization and implementation of the external quality evaluation process
 - accreditation of HEIs and applied study programs

- **Centre for Information and Recognition of Qualification in HE (CIP)**
 - provide information/opinion on recognition of foreign degrees and diplomas

Relevant Legislation in BiH

- **Framework Law on Higher Education in BiH**
 - *adopted in 2007*
 - establishes main principles in HE and responsibilities of authorities
 - sets methods of QA in HE
 - established two new agencies (HEA and CIP)
- **Cantonal Laws on HE** (all 10 cantons have laws on HE)
- **Law on Higher Education in Republic of Srpska (RS)**
 - adopted in July 2010
- **Decision on Standards and Norms for HE in Federation of BiH**
 - adopted in June 2008
- **Strategic Document for Education Development and Implementation Plan for period 2008-2015**
 - adopted in 2008 by Council of Ministers

HE Institutions in BiH

51 licensed HEIs in BiH (public and private), including:

- 10 public HEIs (8 universities and 2 colleges)
- 41 private HEIs (20 universities and 21 colleges)*

(*2 private universities and 2 colleges did not start with teaching process in this academic year)

3 decentralized public HEIs (University of Sarajevo, Dzemal Bijedic University of Mostar and University of Mostar)

5 centralized public HEIs (University of Zenica, University of Tuzla, University of Bihac, University of Banja Luka, University of East Sarajevo)

18 accredited HEIs entered in the State Register of Accredited HEIs in Bosnia and Herzegovina, out of which there are 8 public and 10 private -14 universities and 4 colleges.

12 HEIs in the process of accreditation in different phases, out of which all of them are private – 7 universities and 5 colleges.

The list of licensed universities in BiH (including public and private universities) could be found at the web page of the **Centre for Information and Recognition of Qualifications in HE in BiH**, at: <http://www.cip.gov.ba/index.php/en/higher-education-institutions>

The list of accredited HEI in BiH: Agency for Development of Higher Education and Quality Assurance, at the following link: www.heg.gov.ba/akreditacija_vsu

Programmes and Qualifications

Under the *Framework Law*, HE in BiH is organized in the following 3 cycles:

- **1st cycle** - leading to an undergraduate Bachelor degree or equivalent
 - can be obtained after 3 or 4 years of full-time study
 - carries between 180 and 240 ECTS (with exceptions of studies in medical sciences, which can comprise up to 360 ECTS)

- **2nd cycle** - leading to a Master degree or equivalent
 - lasts for 1 or 2 years
 - can be obtained after completing undergraduate studies
 - comprises between 60 and 120 ECTS
 - the first two cycles together account for 300 ECTS

- **3rd cycle** - leading to a doctoral degree - lasts 3 years and comprises 180 ECTS

Bosnia and Herzegovina

Erasmus+

Priorities for Bosnia and Herzegovina and Western Balkan region

CBHE Priorities – Categories/Themes

Part I

THEMES AND CATEGORIES	Curriculum Development	Governance and Management	Higher Education and Society
A. Subject Areas	x		
B. Improving quality of Education and training	x	x	
C. Improving Management And operation of HEIs		x	
D. Developing the HE sector within society At large			x

CBHE Priorities – Categories/Themes

Part II

TYPE OF ACTIVITIES

Type of projects	Modernization of curriculum by developing new and innovative courses and methodologies	Modernisation of governance, management and functioning of higher education	Strengthening of relations between higher education and the wider economic and social environment
Joint Projects	Categories A, B	Categories B, C	Categories D
Structural Projects		Categories B, C	Categories D

CBHE Priorities – RS National /WB Regional

Part III

	NATIONAL PRIORITIES	REGIONAL PRIORITIES
Category A Subject areas for curriculum development	<ul style="list-style-type: none">• Teacher training and education science;• Humanities;• Social and behavioural science;• Physical Science;• Engineering and engineering trades;• Manufacturing and processing;• Architecture and construction;• Agriculture, forestry and fishery;• Health;• Environmental protection	<ul style="list-style-type: none">• Teacher training and Education Science;• Physical Sciences;• Engineering and Engineering Trades;• Agriculture, forestry and fishery;• Health;• Transport Services;• Environmental protection

CBHE Priorities – RS National /WB Regional

Part IV

	NATIONAL PRIORITIES	REGIONAL PRIORITIES
<p>Category B</p> <p>Improving quality of education and teaching</p>	<ul style="list-style-type: none"> • Bologna process (cycle system, credit transfer, Diploma supplement, etc.); • Learning and teaching tools, methodologies and pedagogical approaches including learning outcomes and ICT-based practices <p>(inter alia, flexible learning paths, blended courses, virtual and real mobility, practical placements etc.)</p>	<ul style="list-style-type: none"> • Learning and teaching tools, methodologies and pedagogical approaches including learning outcomes and ICT-based practices <p>(inter alia, flexible learning paths, blended courses, virtual and real mobility, practical placements etc.)</p>

CBHE Priorities – RS National /WB Regional

Part V

	NATIONAL PRIORITIES	REGIONAL PRIORITIES
Category C Improving management and operation of higher Education institutions	Internationalisation of higher education institutions (including recognition mechanisms and mobility, international relations capacities)	Governance, strategic planning and management of higher education institutions (including human resource and financial management)
	Quality assurance processes and mechanisms	Internationalisation of higher education institutions (including recognition mechanisms and mobility, international relations capacities)
	-	Access to and democratization of higher education (including the disadvantaged groups of people and regions)

CBHE Priorities – RS National /WB Regional

Part VI

	NATIONAL PRIORITIES	REGIONAL PRIORITIES
Category D Developing the higher education sector within society at large	Lifelong learning, continuing education	Non-University sector at tertiary education level
	University-enterprise cooperation, employability of graduates	University-enterprise cooperation, entrepreneurship and employability of graduates
	Qualification frameworks and recognition of qualifications	Qualification frameworks and recognition of qualifications
	Knowledge triangle, innovation (reinforcing links between education, research and business)	Definition, implementation and monitoring of the reform policies

NEO recommendations concerning CBHE project proposal

- Need for real involvements of relevant authorities/ministries, social partners, stakeholders, companies, enterprises
- Effective involvement of students/ student representative bodies
- Insistence on cost-effectiveness and wider impact – especially in respect of target groups (and bearing in mind a project budget)
- Capacity/level of institutions for addressing certain topics of the projects
- Sustainability of results
- Overlapping with current or previous Tempus or other EU funding needs to be avoided, please consult data bases which provide information on all Tempus projects in Bosnia and Herzegovina: <http://tempus.erasmusbih.com/>

Potential Project Proposals within the Erasmus+ International co-operation Activity:

- Erasmus+ KA1: International students and staff credit mobility
- Erasmus+ KA2: Capacity Building Higher Education in Partner Countries

Project proposals - Partner Search Form

INSTITUTION/CONTACT PERSON:		
Institution	University of Sarajevo, Faculty of Mechanical Engineering	
Contact person	Prof.Dr Branko Vučijak: prodekannir@mef.unsa.ba or vucijak@mef.unsa.ba	
INFORMATION ABOUT THE PLANNED PROJECT:		
Erasmus+ International co-operation Activity (higher education sector) – type of the project idea	Erasmus+ KA2: Capacity Building Higher Education in Partner Countries	
Project title:	Entrepreneurship and innovation skills development for engineers	
Project Objective or type of cooperation:	Project aims at developing, testing and validating lifelong learning courses on entrepreneurship and innovation competences for graduates of engineering and other technical studies from the Western Balkans (and Eastern Partnership countries). Overall objective is to improve employability of the graduate engineers and strengthen local economies through increased contribution of SMEs to the local economies in WB (and Eastern partnership) countries.	
Institution's preferable role in the project? (applicant/partner)	As applicant or partner	
Project type	JP	
Project duration	36 months	
Which countries are about to be involved?	Erasmus+ Programme Countries	Sweden, Netherland, Croatia
	Erasmus+ Partner Countries	Partners from Region 1 Western Balkans Partners from Region 2 Eastern partnership

INFORMATION ABOUT THE PLANNED PROJECT:		
Erasmus+ International co-operation Activity (higher education sector) – type of the project idea	Erasmus+ KA2: Capacity Building Higher Education in Partner Countries	
Project title:	Determination of formula (the form) for the quantities of infiltration of contaminated waters at landfills of municipal waste	
Project objective or type of cooperation:	<p>The project aim is to get a form or a formula for determining the amount of those contaminated, infiltrated waters through landfill body in the terms of the rainfall amount, the size of evaporation, air humidity, air temperature, temperature in the body of the landfill as well as the compaction of waste material, and with the task of collection and drainage filtrate (contaminated infiltrated waters) and dimensioning of the drainage systems.</p> <p>Field investigations would be carried out in four to five different landfills, from those sanitary regulated landfills (landfill Moščanica near Zenica), on the landfill "Desetine" near Tuzla, municipal landfill in Gračanica, which is one of the unregulated landfills, then also an unregulated landfill in Banovići and landfill "Babunovići" near Srebrenik. The field investigations will last for one to two years. In the end, this project would resulted with a unique formula that could be used worldwide to determine the amount of the filtrate for dimensioning of the drainage system. I think this is a very interesting topic, because in the world there is no the form or formula for determining the quantities of of those contaminated, infiltrated waters through landfill body of the municipal waste.</p>
