### **WOMEN EMPOWERMENT**

#### WOMEN FROM RURAL AREAS, PROMOTING THEIR INDEPENDENCE

More than 90% of our students are women

It's the first time for these women being in first place after a whole life dedicated to others. Women who travel for the first time without their families. Women who speak in public for the first time Women who, sadly, feel like they have to ask for

permission at home to participate in Erasmus+

Women who feel important for the first time!

### **LIFELONG LEARNING**

#### **VALUE LIFELONG LEARNING, AN INCLUSION FACT**

We believe older age should be a favorable element to consider in our inclusion criteria. We value the participation of our elders. We attend to a group sometimes abandoned by society. Our students live as adults what they could not enjoy in their youth.

The average age of our students participating in the mobilities is over 60 years old.

**CEPER** Guamenze Guadix (Granada)

### **DIGITAL GAP**

#### **PROVIDING STUDENTS WITH BASIC DIGITAL TOOLS**

They start using digital storage for the documents. We teach them how to use Digital Certificate. We create video projects for the mobilities. We create digital materials. They learn how to use a navigator. They create a Curriculum through Europass. They take digital tests and formularies. We teach them how to use social media responsibly.

The students develop a project in English: Tourist guides for a day

### **ACTIVE AGEING**

#### INTERGENERATIONAL ENCOUNTERS

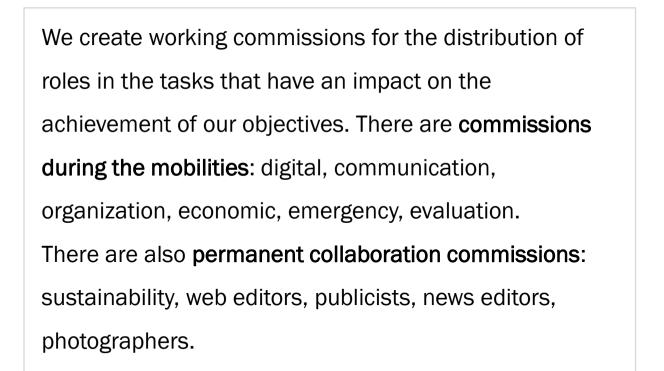

We prepare intergenerational activities in collaboration with universities and High Schools. We attend and also receive those activities in our town. The benefits of intergenerational relationships are innumerable for both parties.

### **DEMOCRATIC LIFE**

### INVOLVING STUDENTS IN COMMISSIONS FOR THE DEVELOPMENT OF THE PROJECT GOALS

We hope to get more people and commissions involved

Hoy hemos empezado la jornada a las 8:30 con una visita guiada en inglés a cargo de Kirsten Strunge, que ha durado unas tres horas y nos ha mostrado algunos lugares de interés con una explicación amena y muy interesante. A continuación, como prueba de orientación, hemos ido hasta el jardín botánico. Tras la visita, hemos comido en el lugar habilitado para ello, dentro de las instalaciones. La comida ha consistido en un lunch típico danés, preparado por las maestras. Después de pasar por el hotel para coger nuestras carpetas, hemos caminado hasta la escuela. Allí un fotógrafo profesional nos ha hecho algunas fotos y después hemos asistido a nuestra clase de inglés, divididos en tres grupos. Al acabar las clases hemos visitado la casa de una familia danesa. Luego hemos cenado en un restaurante buffet especializado en comida asiática. Repaso al día de hoy y planificación de la iornada de mañana. Hemos vuelto al hotel de nuevo.

Hoy hemos caminado unos 20 km. Dos compañeras Belinda y Encarni han sido grabadas por Miguel y Mary contando sus impresiones de hoy. 0:12 📚

Each day of mobility, the Communication Committee prepares a summary to send to our school staff.
